

Registration for Bar Associations

1. INTRODUCTION

The Legal Education Commission of the European Bars Federation (FBE) has created the **FBE Internship Programme** for young lawyers to facilitate practical training in European law firms within the FBE framework. The Participating Bar Associations could act in the Programme in a dual capacity, 1) sending Interns and/or 2) hosting Interns.

2. DESCRIPTION

The registration of an FBE Bar Association member entails an **annual commitment** to ensure the continuity of the Programme. However, it contemplates that the Bar Association may vary its role over subsequent years. This way the Bar Association could modify its role through a lessons-learned approach.

When the Participating Bar acts as a sending institution, it is responsible for:

- Carrying out a **previous selection procedure** to select Candidates among its members.
- Obtaining a **commitment letter of the selected Candidate/s** accepting the Terms and Conditions of the Internship Programme.
- Communicating to the FBE Legal Education Commission the **selected Candidates**.
- **Paying the expenses** of their selected Candidates (see Terms and Conditions)
- Maintaining regular **communication** with the Intern and the Host law firm.
- Designating a supervisor of the program to ensure a dispute resolution/complaints mechanism during the internship, whom the intern could contact.

When the Participating Bar acts as a hosting institution, it is responsible for:

- **Locating law firms** in their jurisdiction willing to act as Host law firms.
- Receiving a **commitment letter from the Host law firms** committing to provide the Interns with adequate resources for the development of the Internship as well as proper working conditions.
- **Monitoring** the proper development of the Internship.
- **Facilitating access to social and cultural activities** organized by the Participating Bar in the city of destination, if possible.

3. REQUIREMENTS FOR CANDIDATES AND LAW FIRMS

The lawyers who will be hosted by the law firm must:
