**ACTIVITY REPORT - CONGRESS FBE BARCELONA**

Reporting period: 15.10.2016 – 10.02.2017

After Luxembourg Congress, the commission has decided to hold the next commission meeting in Romania, from 4th May 2017 – 6th May 2017 in Craiova (represented by Radu Marinescu in FBE).

The Eastern Bars Commission, will work at Craiova on the topic "The Independence of Lawyers" due to the specific legislation upgrades in Eastern European Countries and the Draft of Recommendation issued by Council of Europe in January 2017 "*Surveillance of lawyers: the need for standards safeguarding client confidentiality*". In Barcelona and Craiova we will discuss the activity plan for the upcoming months. The main points will consist in the presentation of the activities of promoting judicial education in schools, based on the handbook created by Mr. Cristi DĂNILEȚ, judge, member of CSM. In the Cluj county we have obtained the approval of the Ministry of Education and Research as well as the approval of the Cluj School Inspectorate for conducting the above mentioned program by lawyers of the Cluj Bar Association. The handbook, in its English and German translations, have been distributed to all present representatives of Member Bars Associations, at the Luxembourg Congress. The effective implementation of this program will be start at the new scholar year beginning, in september 2017. During the Craiova meeting, we will present to the other guest bars FBE, in order to attract other Eastern Bars Associations to become members of FBE and to actively participate in the works of the Eastern Bars Commission.

We cooperate as well with other Commission.

During the works of the New Technologies Commission, a new scientific symposium was announced, that will be held in Wroclaw, Poland, on April 24<sup>th</sup> -25<sup>th</sup> 2017, on the thematic of "The computerization of justice and juridical services", where the secretary of Eastern Bars Commission was invited to be a speaker.

During the works of the Arbitration Commission, another scientific symposium was announced, on the thematic of "Arbitration Tribunals and the role of lawyers as arbitrators in arbitration proceedings", that will be held in Naples in 13 march 2017, where, yet again, the secretary of Eastern Bars Commission was invited to be a speaker.

To sum up, our commission's works have intertwined with the works of other commissions.

President,

att. PhD Stanca GIDRO

Secretary

att. Diana ANDRASONI
